Clarification on how to write the report

Anca Ralescu

Fall 2026

October 7, 2026

One of the homework teams has asked for clarifications on the following statement from the Assignment text: "*Report. A brief introduction (one or two sentences), then one section per Part (1 - 3), answering each numbered task in order, with the task number as a subheading. Every figure needs axis labels and a one-line caption. End with the seeds you used (just seed=0 unless you changed something).*"

BELOW IS HOW THE REPORT SHOULD LOOK

REPORT

Introduction

Write here a brief introduction, something like: This assignment is about so and so. It consists of three parts with various tasks for each part. Part 1 does this and that. Part 2 does ... Part 3 does...

1 Part 1: Binary logistic regression

1.1 Implementation

Describe briefly what you did.

1.2 Train on the binary problem setosa (label 1) vs. the rest (label 0)

Describe briefly what you did.

2 Part 2: Two binary classifiers vs. softmax

2.1 Implement TwoStageClassifier, reusing your BinaryLogisticRegression from Part 1

Describe briefly what you did.

2.2 Implement softmax(S)

Describe briefly what you did.

2.3 Train both models

Describe briefly what you did.

3 Part 3: Short-answer interpretation

3.1 Look at the two confusion matrices from Task 2.3

- ...
- ...
- ...

3.2 In your own words, explain:

- ...
- ...

3.3 Recommendation

- ...
